Bullying is a huge societal issue that occurs well beyond the school years. It causes unimaginable distress to a person, including anxiety, stress and depression. Bullying affects their social and academic ability and has a major impact on their mental health.

'SPEAK OUT' is a BulliesOut Campaign developed to motivate a call to action against bullying through public awareness. Created from an idea inspired by our team of Youth Ambassadors, the Campaign aims to raise awareness of bullying and how it affects a person by engaging with businesses and encouraging them to display our **'SPEAK OUT'** anti-bullying Certificate.

Working Together

As our organisation continues to grow, we are looking to engage businesses to join us on our journey. Supporting the BulliesOut **'SPEAK OUT'** Campaign will give you an unique opportunity to play a role in our future, support a vital cause and receive recognition for the part you play in changing the lives of those affected by bullying.

We need to reach the wider community and let them know help and support is available and with the support of businesses like yours, we can do this.

How Does It Work?

Our Youth Ambassadors are a team of inspirational young people who have all been affected by bullying and who want to **MAKE A DIFFERENCE** in the communities in which they live. They do this through awareness raising, delivering talks and anti-bullying activities, fundraising, vlogging and more.

When you sign up to the **'SPEAK OUT'** Campaign, a member of our team can visit your business and present you with an A4 Certificate which can be displayed to show your clients and customers that you are supporting an important cause that is **SPEAKING OUT** against bullying, **MAKING A DIFFERENCE AND INSPIRING CHANGE**. We can also leave you with some additional certificates (A5 size) should you wish to display them in other areas of your business.

The 'presentation' will take a couple of minutes and while we are there, we can take some photos of and/or video the presentation and upload them to social media where we will 'tag' your business and let the world know how amazing you are. The only cost to you will be your time.

**If we don't currently have any team members in your area, or if you prefer, we can post the certificate to you.*

You might ask why we're doing this - what will BulliesOut get out of it? It's to raise awareness of bullying. To encourage further support. To engage with businesses and the wider community and most importantly, by empowering our Youth Ambassadors to take ownership of the Campaign, as it develops and grows, we will increase their confidence, self-esteem and skills.

About BulliesOut

BulliesOut is one of the UK's most dedicated and ambitious anti-bullying charities. Our award winning work is delivered across the UK and each year, through our work with individuals, schools, colleges, youth and community settings, we provide educational workshops, training and support to thousands of young people.
